Hans-Joachim Stuck was observed trying to squeeze his lanky frame into the seat of the 935/78 Moby Dick at the 2013 Goodwood Festival of Speed. But even with the help of one of the car's crew, there was just no way he could shoehorn those long legs into the cabin, no matter which way they tried. Klaus Bischof (left) looks on hopefully, but it was no good. Instead he had to opt for another Porsche racer to drive, from memory it was one of the Spyders.
